Brothers Fire Protection Co. Job Description

Job Title: Designer/Project Manager
Reports To: President
Location: Elk River, MN
Status: Fulltime
Date of Origination: 12/01/2011

Department: Design
Industry: Construction
Posting Number: 20111201-1
Pay: Salary
Closing Date:

Basic Function: Design and Project Management of new and existing fire sprinkler and alarm projects. Responsibilities include: the design and submission of fire sprinkler and alarm systems. Obtaining the required permitting and approvals from the authority having jurisdiction. Coordination of the project including: scheduling of labor, materials, tools, equipment and the work of other trades. Provide closeout documentation.

Education, Experience and Skills:

This position requires excellent verbal and written communication skills, four years' experience in fire sprinkler or alarm design, fire protection project management and/or a degree in mechanical engineering, fire protection technology. Proficiency in AutoCAD and SprinkCAD and/or HydraCAD fire protection software.

Brothers Fire Protection Co. offers a competitive salary and benefits including: medical, dental, Life AD&D and LTD insurance, 401K, HSA and Section 125 Plans. For Immediate consideration, please forward resume with salary requirements to: Nicholette Schlaeger, Office Manager (hr@brothersfire.com). You may also mail or fax your information to:
